First-Aid/Emergency Treatment: Without limiting other emergency powers that may be provided by law, I authorize school personnel to administer first-aid to my child if the school administration deems it necessary and appropriate to preserve the life, limb or well-being of my child. If the school administration believes, in its sole discretion, that a medical necessity exists beyond that which can reasonably be dealt with on school grounds by school personnel, I authorize the school to contact and engage qualified medical personnel and arrange for emergency treatment of my child, including transportation either by school staff or by professional transport for medical, dental, surgical or hospital care or diagnosis, and I consent to that treatment for my child. Arrangements for treatment will be made in the following order of priority: 1) The 'emergency physician' listed above; 2) the 'primary physician' listed above; 3) another physician or health-care professional licensed by the State of California. I understand and agree that I will be financially responsible for any such medical treatment.

In consideration of the arrangement indicated in this paragraph, the undersigned hereby releases and discharges the Diocese of San Jose, its constituent organizations, including but not limited to The Roman Catholic Welfare Corporation, the Department of Education and Holy Spirit School, and their respective officers, agents and employees (the 'Diocese') for any and all claims for personal injuries or property damage that I or my child may suffer as a result of this arrangement whether or not such injuries or damages be caused by the negligence (whether active or passive) of any of the entities or individuals named or described above, excepting only injuries or damage resulting from Diocese's willful misconduct.

Release of Student to Qualified Emergency/Medical Personnel and Third Parties: Without limiting other emergency powers as may be allowed by law, in the event of disaster or medical necessity involving the life, limb or well-being of my child in which it is necessary in the opinion of the school administration to transport my child from school property, or if it is necessary to evacuate the school grounds, the school will make a reasonable effort (in view of the nature of the necessity) to first contact a parent or legal guardian. If no parent/legal guardian is available, I authorize the school to release my child into the custody of third parties for the purpose of transporting my child from school grounds and arranging for such care as my child may need, in the following order of priority: 1) the persons listed above as emergency contacts; 2) qualified medical/emergency professionals; 3) another responsible adult.

2. Gathering, Use and Release of Medical Information: Without limiting other emergency powers that may be provided by law, in the event of disaster or medical emergency, I specifically authorize the gathering, use and release to, from, and among the school personnel and to, from and among any medical professionals, of any medical information reasonably necessary to provide emergency medical care and otherwise ensure the life, limb and well-being of my child, including without limitation, the information contained in this form, until I can reasonably be notified and take custody of my child. Google Apps for Education Parental Consent and Permission Form

The Diocese of San Jose School utilizes Google Apps for Education for students, teachers, and staff. This permission form describes the tools and student responsibilities for using these services. As with any educational endeavor, a strong partnership with families is essential to a successful experience. For the purposes of this consent and permission form, each specific Diocese of San Jose School Site is implicit herein as a participating school in the Diocese of San Jose. As such, your consent is for both the Diocese of San Jose and each individual Diocese of San Jose School Site.

The following services are available to each student and hosted by Google as part of the Diocese of San Jose's online presence in Google Apps for Education:

Mail - an individual email account for school use managed by the Diocese of San Jose School Site

Calendar - an individual calendar providing the ability to organize schedules, daily activities, and assignments

Docs - a word processing, spreadsheet, drawing, and presentation toolset that is very similar to Microsoft Office

Sites - an individual and collaborative website creation tool

Classroom- a collaborative space for teachers and students to share curriculum and collaborate in a creative and digital learning environment

Using these tools, students collaboratively create, edit and share files and websites for school related projects and communicate via email with other students and teachers. These services are entirely online and available 24/7 from any Internet-connected computer. Examples of student use may include (and are not limited to) showcasing class projects, building an electronic portfolio of school learning experiences, and working in small groups on presentations to share with others.

Children's Online Privacy Protection Act (COPPA)

COPPA applies to commercial companies and limits their ability to collect personal information from children under 13. By default, advertising is turned off for the Diocese of San Jose School presence in Google Apps for Education. No personal student information is collected for commercial purposes. This permission form allows the school to act as an agent for parents in the collection of information within the school context. The school's use of student information is solely for education purposes.

In such cases, the alleged violation will be addressed at the Diocese of San Jose School Site at the discretion of the administrator.

Security

The Diocese of San Jose cannot and does not guarantee the security of electronic files located on Google systems. Although Google does have a powerful content filter in place for email, the Diocese of San Jose cannot assure that users will not be exposed to unsolicited information.

Privacy

The general right of privacy will be extended to the extent possible in the electronic environment. The Diocese of San Jose and Diocese of San Jose Site and all electronic users should treat electronically stored information in individuals' files as confidential and private. Technology Use & Internet Policy Agreement

Overview

Technology and the Internet are important resources for the Diocese of San Jose Schools ("DSJS"), henceforth referred to in this document as DSJS. DSJS will use technology and the Internet to improve services and contribute broadly to its mission.

Diocese of San Jose Schools Reserved Rights

DSJS owns the rights to all data and files in any computer, network, or other information system used in the DSJS system. System administrators have access to all mail and user access requests and will monitor messages as necessary to assure efficient performance and appropriate use. Messages or information relating to or in support of illegal activities will be reported to the appropriate authorities.

All information stored on, entered into, or transmitted in any way through the School computers, network or information systems, including but not limited to electronic mail messages sent and received using DSJS equipment are not private and are subject to viewing, downloading, inspection, release, and archiving by DSJS officials at all times. DSJS and authorized Information Systems Department personnel have the right, without notice, to inspect any and all files stored in private areas of the network or on individual computers or storage media in order to ensure compliance with policy and state and federal laws. No student may access another student's computer, computer files, or electronic mail messages without prior authorization from either the student or an appropriate DSJS official.

- l DSJS reserves the right to log network use and monitor file server space utilization by students and assumes no responsibility or liability for files deleted due to violation of file server space allotments.
- l DSJS reserves the right to remove a user account from the network.
- l DSJS will not be responsible for any damages resulting from the use of its computers, network or information systems. This includes the loss of data resulting from delays, nondeliveries, or service interruptions caused by negligence, errors or omissions. Use of any information obtained is at the user's risk. The School makes no warranties, either express or implied, with regard to software obtained from the Internet.
- l DSJS reserves the right to change its policies and rules at any time.
- l DSJS makes no warranties (expressed or implied) with respect to Internet service, and it specifically assumes no responsibilities for:
 - l The content of any advice or information received by a student through Internet facilities or any costs or charges incurred as a result of seeking or accepting such advice.
 - l Any costs, liabilities or damages caused by the way the student chooses to use the Internet facilities.
 - l Any consequence of service interruptions or changes, even if these disruptions arise from circumstances under the control of the School.
- l DSJS technology resources, including Internet access, are provided on an "as is", as available basis.
- l Students are individually liable for any and all damages incurred as a result of violating the DSJS security policy, copyright, and licensing agreements.

The DSJS has licensed the use of certain commercial software application programs for its purposes. Third parties retain the ownership and distribution rights to such software. No user may create, use, or distribute copies of such software that are not in compliance with the license agreements for the software and without express authorization from the DSJS.

Enforcement and Violations

This policy is intended to be illustrative of the range of acceptable and unacceptable uses of Internet facilities and is not intended to be exhaustive. Questions about specific uses related to security issues not enumerated in this policy statement and reports of specific unacceptable uses should be directed to the school administrator. Other questions about appropriate use should be directed to the school administrator. DSJS will review alleged violations of the Technology Use and Internet Policy on a case-by-case basis.

Violations of the policy will result in disciplinary actions as appropriate, up to and including expulsion from school. Use of DSJS resources for illegal activity will lead to disciplinary action, up to and including expulsion and criminal prosecution. DSJS will comply with reasonable requests from law enforcement and regulatory agencies for logs, diaries, archives, or files on individual Internet activities, e-mail use, and/or computer use. Notifications of appropriate agencies, including the Office for the Protection of Children & Vulnerable Adults, Child Protective Services and local law enforcement will take place in all cases where the perceived safety/welfare of children is at risk and as mandated by law.

Breakage and Replacement

Technology provided to students by DSJS for educational use remains the property of DSJS. Students, and by extension their parent(s)/guardian(s), are directly responsible for the care and treatment of school technology. DSJS expects students to protect and care for the iPads and other technology provided to them. Parent(s)/guardian(s) will be invoiced for all incurred damage to issued technology per the fee schedule.

DSJS Technology Use "Off Campus"

As necessary, school technology may be provided to students hereunder for use "off campus" for purposes of distance learning. School technology

provided by DSJS hereunder is to be used for scholastic purposes only at all times and must remain in student's sole possession, custody and control. Each student, and by extension their parent(s)/guardian(s), understands and agrees that he/she is responsible for immediately reporting any loss of, damage to, or malfunctions with the school technology. Should any school technology require repair or maintenance for damage caused while in student's possession, custody and control it shall be completed only by DSJS. Finally, each student, and by extension their parent(s)/guardian(s), agrees to promptly return the technology when requested by DSJS and reimburse DSJS for the value of the technology if lost, damaged, or destroyed.
